- 10 Section 508 certified**
Keep employees on the job and reduce temporary labor costs. Dragon NaturallySpeaking Professional supports hands-free use of the PC.

Work Faster and Smarter

Automate complex or repetitive document creation tasks with voice commands

Dragon NaturallySpeaking 10 Professional is the ideal solution for busy corporate professionals – such as those in the government, insurance and education industries – to create documents and emails, fill out forms, and streamline workflow tasks – all by speaking. Turn your voice into text three times faster than most people type with up to 99% accuracy using virtually any Windows-based application.

New Dragon Voice Shortcuts collapse common multi-click tasks into simple voice commands. Or create custom commands to automate repetitive tasks you perform that involve multiple keystrokes or mouse clicks. You can even dictate into a handheld device when you're away from your PC. A high-quality headset is included, or you can use a Bluetooth device.

Enterprise Deployment

Dragon NaturallySpeaking 10 Professional offers complete enterprise network support, including new security features, a special management guide for IT professionals and support for Citrix deployments.

Proven industry enterprise deployments:

Field reporting (insurance claims, field sales, field service, social workers, inspectors)

Intelligence reporting & Incident reporting (law enforcement)

RSI (Repetitive Strain Injuries) prevention/treatment

Accessibility (Physical or language-based learning disabilities such as Dyslexia)

General office productivity

SYSTEM REQUIREMENTS

- CPU: Intel® Pentium4® or later or AMD Athlon 64 1 GHz or later. (SSE2 instruction set required.)
- Memory: 512 MB RAM (1 GB RAM for Windows Vista™ and 2 GB RAM for Windows 7 32- and 64-bit)
- Free hard disk space: 1 GB (2 GB for Localized non-English Editions)
- L2 Cache: 512 KB
- Supported Operating Systems
 - Windows Server 2000
 - Windows Server 2003
 - Windows 2000 SP4
 - Windows XP SP2 and SP3, 32-bit
 - Windows Vista SP1 and SP2, 32-bit and 64-bit
 - Windows 7, 32-bit or 64-bit
- DVD-ROM drive (required for installation)
- Microsoft® Internet Explorer 6 or higher (free download available at www.microsoft.com)
- Nuance-approved noise-canceling headset microphone (included)
- For details on Bluetooth microphones, tablet PCs and other hardware, please go to <http://support.nuance.com/compatibility/>
- Creative® Labs Sound Blaster® 16 or equivalent sound card supporting 16-bit recording
- A Web connection is required for activation

During the install process, the software checks that your system meets these minimum requirements; if they are not met, the software will not be installed.

RECOMMENDED SPECIFICATIONS

- CPU: Intel® Pentium4® / 2.4 GHz (1.6 GHz dual core) or equivalent AMD processor. (SSE2 instruction set required.)
- Memory: 1 GB RAM (2 GB RAM for Windows 7 32-bit, and 4 GB RAM for Windows 7 64-bit)
- L2 Cache: 1 MB

This edition of Dragon does not support dictation directly into Electronic Medical Record (EMR) Systems. For EMR support, please use Dragon Medical Edition.

Benefits

UP TO 99% ACCURATE AND THREE TIMES FASTER THAN TYPING

Most people speak over 120 words per minute, but type less than 40 words a minute. That means you can create documents and emails about three times faster with Dragon NaturallySpeaking. Dragon never makes a spelling mistake, and it actually gets smarter the more you use it!

EASY TO USE

Dragon NaturallySpeaking installs quickly and requires no special script reading. New on-screen help and tutorials will make you an expert user in no time.

USE WITH THE APPLICATIONS YOU ALREADY HAVE

Use your voice to dictate, edit and control virtually any Windows application, including the full Microsoft® Office suite, Microsoft Internet Explorer®, and Corel® WordPerfect®.

INCREASE PRODUCTIVITY AND SIMPLIFY TASKS

Create custom voice commands to automate and streamline repetitive tasks that employees perform dozens of times a day.

DRAGON VOICE SHORTCUTS TO SEND EMAIL, SCHEDULE MEETINGS OR SEARCH THE WEB AND DESKTOP

Use Dragon Voice Shortcuts to quickly search for information on the Web or on your own computer. For example, say "Search Web for financial management resources," "Search Wikipedia for speech recognition," or "Search eBay for Bluetooth headsets." You can even say "Search documents for Robinson report" to quickly locate information on your computer. You can also simply say "Send email to Steve Chambers and Raphael Sanchez," and Dragon will launch your email program, create a new email and put the names you said into the "To:" box. Or say, "Schedule meeting with Steve Chambers and Raphael Sanchez," and Dragon will do the rest.

NETWORK READY FOR USERS

Includes user profile management and security features for enterprise deployments, as well as roaming user support for users who dictate at more than one PC, and support for Citrix environments.

BLUETOOTH SUPPORT

Use Dragon NaturallySpeaking with Nuance-approved Bluetooth headsets for great dictation results without the wires. Convenient to use with a Tablet PC system!

MOBILE

Dictate into any Nuance-certified handheld device when you're away from your desk for automatic transcription when you synch with your PC.

HANDS FREE AND ACCESSIBLE

Dragon NaturallySpeaking 10 Professional is Section 508 certified to give people with disabilities complete hands-free use of the PC – it's the ideal tool to assist people with carpal tunnel syndrome or other repetitive stress injuries. Dragon is also more accessible to a wide range of accents and speech-related abilities.

Accurate speech recognition for PC applications

Create & edit documents and spreadsheets

Send email, IMs and surf the Web all by voice

Dragon Voice Shortcuts to perform tasks faster than ever

Dictate in to a handheld recorder for later transcription

Fully network compatible for multiple users

Combine commands to perform complex tasks on your PC
